1. About this price list

This price list applies to all new contracts signed with Zarya Telecom EAD from 1 March 2026. All prices are in euro (EUR) and include 20% VAT unless stated otherwise. Customers on older plans keep their current price until the end of their contract term, after which they can move to any plan in this list.

Prices marked as promotional apply only for the period stated next to them. After the promotional period the standard monthly fee applies automatically, and the customer is notified by SMS at least 30 days in advance.

2. Mobile postpaid plans

All postpaid plans include unlimited minutes and SMS to all Bulgarian networks, 5G access where coverage is available, and roaming in the EU and EEA under Roam Like at Home rules (see the Roaming and International Guide). The standard contract term is 24 months. A 12-month term is available for an extra 2 EUR per month.

When the data allowance on Zarya Start or Zarya Smart is used up, speed is reduced to 128 kbps until the next billing cycle. Customers can buy an extra data add-on at any time from the Zarya app or by sending the SMS DATA to 1234.

Data add-on	Price	Validity
Extra 5 GB	3.00 EUR	Until end of billing cycle
Extra 20 GB	7.00 EUR	Until end of billing cycle
Weekend Unlimited	2.50 EUR	Saturday 00:00 to Sunday 23:59

Family discount

Customers who have two or more postpaid plans on the same account receive a 15% discount on the monthly fee of every additional plan. The discount does not apply to the most expensive plan on the account. A maximum of five plans can be grouped under one family account.

3. Prepaid (Zarya Go)

Zarya Go is the prepaid offer with no contract and no monthly bill. The starter pack costs 2.50 EUR and includes 2.50 EUR of credit. Credit is valid for 12 months from the last top-up. Prepaid customers can top up in the Zarya app, at any Zarya store, at partner payment points, or by card on zarya.example.

Zarya Go bundle	Price	Data	Minutes and SMS	Validity
Go 7	3.50 EUR	5 GB	Unlimited national	7 days
Go 30	8.00 EUR	25 GB	Unlimited national	30 days

Zarya Go bundle	Price	Data	Minutes and SMS	Validity
Go Data 30	6.00 EUR	40 GB	None	30 days

Bundles do not renew automatically unless auto-renewal is switched on in the Zarya app. Unused data does not carry over to the next period.

4. Home internet

Fiber home internet is available in Sofia, Plovdiv, Varna, Burgas, Ruse, Stara Zagora and Veliko Tarnovo. Coverage at a specific address can be checked on the website or in any store. Every plan includes a Wi-Fi 6 router on loan for the duration of the contract. Installation is free on a 24-month contract and costs 30 EUR on a 12-month contract.

Plan	Download / upload	Monthly fee	Router
Fiber 300	300 / 100 Mbps	14.99 EUR	Zarya Home Wi-Fi 6
Fiber 500	500 / 200 Mbps	18.99 EUR	Zarya Home Wi-Fi 6
Fiber 1000	1000 / 500 Mbps	24.99 EUR	Zarya Home Wi-Fi 6 Pro + 1 mesh unit

Where fiber is not available, Zarya offers 5G Home Internet with an outdoor-capable 5G router. The 5G Home plan costs 19.99 EUR per month and includes unlimited data with typical speeds of 150 to 400 Mbps depending on signal. The 5G router must stay at the installation address registered in the contract.

Static IP and extra mesh units

A static public IPv4 address costs 5 EUR per month. Additional mesh units for better Wi-Fi coverage cost 3 EUR per month each, or 79 EUR as a one-time purchase.

5. TV packages

Zarya TV is delivered over the internet connection through the Zarya TV box or the Zarya TV app on smart TVs, phones and tablets. A home internet plan from Zarya is required.

Package	Channels	Monthly fee	Devices at the same time
TV Basic	90 channels, 40 in HD	6.99 EUR	2
TV Plus	160 channels, 85 in HD	10.99 EUR	3
TV Sport add-on	8 sports channels	7.99 EUR	Same as main package

All TV packages include 7-day replay and pause of live TV. Recording in the cloud is limited to 50 hours on TV Basic and 150 hours on TV Plus.

6. Bundles (Zarya Home+Mobile)

Customers who combine a home internet plan with at least one mobile postpaid plan on the same account get the Home+Mobile discount: 5 EUR off the home internet monthly fee and double mobile data on Zarya Start and Zarya Smart. The bundle discount can be combined with the family discount.

If the mobile plan or the home internet plan is terminated, the bundle discount stops from the next billing cycle. Early termination fees for the remaining plan are calculated without the bundle discount.

7. Devices on installments

Phones, tablets, routers and smartwatches can be bought on 24 monthly installments with 0% interest together with a postpaid plan. The device price depends on the plan: Zarya Smart, Zarya Max and Zarya Unlimited Pro give a 5%, 10% and 15% device discount. See the Devices Price List for every model. The installment is shown as a separate line on the monthly invoice. A device installment plan does not change the contract term of the mobile plan.

If the mobile plan is terminated before all installments are paid, the remaining installments become due on the next invoice. Customers can also pay off a device early at any time in a store or by calling 0800 12 345, with no extra fee.
